

Minimal viable baby setup

You don't need everything. You just need the right things.

Start simple. Add as you learn.

CATEGORY		
	A place to sleep	• Crib/bassinet or your own bed if you're planning on co-sleeping
	Something to wear	• 10–20 onesies • 10–20 pants if the onesies don't have legs • 10–20 swaddles
	Diapers (or a way not to shit oneself)	• 2 packs of diapers (newborn or size 1) • 4-pack of wipes • 2 packs of single use changing pads  <i>if you're planning on reusable diapers and wipes, get enough for at least 3 days without laundry</i>
	Something to eat	 if you're planning on formula – • 8 bottles • 2 boxes of formula • a bottle sterilizer  if you're planning on breastfeeding – • nipple cream • 3 nursing bras • a few nursing pads • emergency small box of formula and 3 bottles
	A way to get around	• stroller/baby carrier • car seat if you have a car
	A way to get clean	• Bath seat • baby tub/tub divider/basin • baby washing oil
	Some medical supplies	• Thermometer • medical grade 70% alcohol + cotton swabs
